

SAT100 Price List (USD)

Effective Date: July 06, 2016

HARDWARE

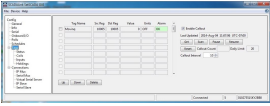

Image	Part Number	Description	Price
	SAT100-KIT1	Satellite Modem Kit for Integration into Existing Panel includes: SAT100 Satellite Modem/RTU/ Alarm Callout, mounting bracket, 16 feet (5 meter) Satellite cable and connector to flying leads, GPS, SAT-1XX-TB1 termination board, Class I Div 2, -40 to 85 Deg.C	\$2,095.00
	SAT100-KIT2	Satellite Modem Kit for Easy Field Termination includes: SAT100 Satellite Modem / RTU / Alarm Callout, mounting bracket, 16 feet (5 meter) sealtite cable and connector to flying leads, GPS, SAT-1XX-TB1 termination board. 6"x6"x4" NEMA 4X junction box, Class I Div 2, -40 to 85 Deg.C	\$2,375.00
	SAT100-SOL-2024-KIT1	Solar-powered 24VDC Satellite Modem System includes: SAT100 Satellite Modem/RTU/Alarm Callout system for monitoring 4-20mA, RS232, RS485 instruments c/w SAT100 terminal, 20 W. PV panel, 4 I/O, RS232, 20W 24VDC solar panel, GPS, 6A solar regulator, 12VDC 37AH battery, 12-24VDC converter, Class I Div 2, -40 to 85 Deg.C	\$3,950.00
	SAT100-SOL-2012-KIT2	Solar-powered 12VDC Satellite Modem System includes: SAT100 Satellite Modem/RTU/Alarm Callout system for monitoring 4-20mA, RS232, RS485 instruments c/w SAT100 terminal, 20 W. PV panel, 4 I/O, RS232, 20W 12VDC solar panel, GPS, 6A solar regulator, 12VDC 37AH battery, Class I Div 2, -40 to 85 Deg.C	\$3,750.00
SATSCADA MONTHLY AIRTIME / HOSTING COSTS (Billed Annually)			
	SatSCADA-25	SCADALink SAT1XX satellite gateway airtime, 25Kb/month (overage \$1.00/kb), Modbus RTU Slave proxy, alarm callout SMS & email & passthru data, includes webclient access to view data	\$75.00

	SatSCADA-25-O	Overage charge per kb after 25 kb	\$1.00
	SatSCADA-25+Cell	SatSCADA-25 plan PLUS Satellite/Cellular Internet Gateway with Cellular Static IP, 5000 messages	\$145.00
	SatSCADA-100	SCADALink SAT1XX satellite gateway airtime,100Kb/month (overage .15/kb), Modbus RTU Slave proxy,alarm callout SMS & email & passthru data, includes webclient access to view data	\$125.00
	SatSCADA-100-O	Overage charge per kb after 100 kb	\$0.15
	SAT1XX-V-CO	Voice Callout service (24/7) monthly fee (billed annually)	\$25.00
	(Other)	Custom airtime available (contact Bentek Systems Ltd)	

SERVICES

	SAT110-CON-VIB	Configure and Activate SAT110 for vibration only	\$200.00
	SAT1XX-CON-IO	Configure and test SAT100/110 for internal I/O	\$350.00
	SAT1XX-CON-MB1	Configure and test SAT100/110 for Modbus device (< 10 tags)	\$450.00
	SAT1XX-CON-MB2	Configure and test SAT100/110/120 for Modbus device (10+ tags)	\$600.00
	(Configuration Rate)	Additional configuration services (hourly rate)	\$200.00
	SAT1XX-V-A	Voice Callout service activation	\$50.00
	(Other Services)	Custom services available (contact Bentek Systems Ltd)	

SOFTWARE

	Web/Smartphone Client	Smartphone and Browser-based client shows tag, map, alarm and trend views. Comes bundled with hosting plan.	Included
	GUI	Windows-based GUI for easy local or remote configuration of SAT100 or SAT110. Comes bundled with hosting plan.	Included
	SatSCADA Client - Modbus Proxy	Easy Customer SCADA Host interface to SatSCADA Client enables easy secure interface to SAT100 or SAT110 terminals via Modbus over TCP. Comes bundled with hosting plan.	Included
